Welcome to the City of Monahans!

You are now part of a team that is dedicated to excellence in services for the citizens of Monahans.

You became a part of this team because of your qualifications. We look forward to applying your knowledge and experience toward the improvement of our operations.

This City of Monahans Employee Manual was developed to let you know what you can expect from the City in the way of benefits and working conditions. Likewise, the Manual also lists some of the important expectations of you as a contributing member of the City staff.

You are essential to our success. In your dealings with customers, visitors, other employees and the public-at-large, the opinion others will have of the City of Monahans depends on the impression you leave with them. I am confident the image you leave with others will be positive because the City offers a positive work opportunity.

Again, welcome! We are glad you have joined us.

Best regards,

Rex M. Thee
City Manager
